Order

No. 13-23-70-IPD/8646

Sub: Loans to small scale and cottage industries under the Technician Assistance Scheme—Through M.S.F.C.

With the spread of technical education, a large number of new and competent technicians has come up who would rather go in for setting up industries of their own than seek

or continue in employment in industrial organisations. As the problem of unemployment of technicians and qualified engineers has assumed serious proportions it was thought necessary to advise some scheme which could offer self employment to them. With a view to ensuring that this technical talent is utilised for development of small scale industries it is desirable to give the technicians financial assistance and facilities for setting up small scale industries. The Maharashtra State Financial Corporation has now prepared a technicians assistance scheme which is a step in the above direction.

2. The main features of this scheme are:—

- (1) A technician who wants to set up a small scale industry shall be granted assistance upto a maximum limit of Rs. 2 lakhs inclusive of working capital, the same not exceeding 50% of the loan sanctioned, for any one project. Only new entrepreneurs and not persons who already own a factory wholly or partially shall be eligible for such assistance. The assistance under this scheme shall be 100% if need be and shall be a package assistance inclusive of block assets and working capital/working capital margin.
- (2) The rate of interest shall be the prevailing rate of interest of the M. S. F. C. i.e. 9%.
An additional interest of 1½% shall be further charged on such advances. However, the additional interest shall be waived as rebate in the event of prompt repayments.
- (3) The period of repayment shall be 12 years for assistance for block assets and 8 years for the part of the assistance on working capital. The initial three years in both cases shall be treated as gestation period and repayment of the principal shall not be insisted upon during that period. The interest shall be accruable immediately from the date of disposal of the amount.

However, no interest shall be payable before the lapse of 12 months from the date of disbursal.

3. There shall be an advisory committee with the Director of Industries, Panaji as Chairman to advise on the technical feasibility of the Scheme and the Selection of the technicians to be admitted to the Scheme.

4. Under Section 25 of the State Financial Corporation Act, 1951, the State Financial Corporations are precluded from granting assistance without sufficient security. The term «sufficient security» under the section includes a guarantee by the Government. Government is pleased to give a guarantee of Rs. 5,00,000/-, to the Maharashtra State Financial Corporation in regard to the repayment of principal to be granted by the Corporation from its own funds, as per the Agency-cum-Guarantee Arrangement, under the Technicians Assistance Scheme, the guarantee being valid for a period of 10 years.

5. The Maharashtra State Financial Corporation should be required to pay to Government fees as may be prescribed by this Government for the above guarantee.

6. This issues with the concurrence of Finance Department vide their U. O. No. Fin(E)1438/71 dated 29-3-71.

By order and in the name of the Administrator of Goa, Daman and Diu.
